

Climate Camp Scotland: Meet & Camp Out @ the Kelpies, Saturday 15 October/

From our friends at [Climate Camp Scotland](#) ...

Hey there campers!

We've got some tasty stews on the stove this Autumn so make sure you stop by the kitchen tent...

Meet & Camp Out @ the Kelpies, 15 Oct

We are beginning to lay foundations for an incredible 2023 climate camp.

On [Saturday 15th October](#) we are going to Falkirk / Grangemouth for a series of **informal tea-time chats** with local organisers, community members and trade unionists to hear about living with **Scotland's biggest polluter**, the recent wildcat strikes, the cost of living crisis, and their aspirations for a just transition.

After our meetings we'll head to a (secret) **fire and camp spot** to enjoy the Autumn leaves and hopefully some stars! It should be a very wholesome and productive day and night, and everyone is welcome to join for as much of the runnings as they feel able.

The day starts at **1.30pm** with the community meeting at **the Kelpies** Visitor Centre Cafe.

[To get a briefing with venue details, travel info, and how to take part click here.](#)

It should be a wholesome and fun day for the group so we hope you'll consider joining us!

Climate Camp have our regular meetings online, organised via Signal. To find out more about these or to get more involved, [join our Signal groups here.](#)

Autumn love and solidarity,

[Climate Camp Scotland](#)
